Sir:

Further to the Petition for Filing Without Inventor's Signature Under 37 CFR 1.47(b) filed October 17, 2007, kindly consider the attached documentary evidence (Annex 6) that the inventor was shown the application papers and was in possession of the application papers when he refused to sign the declaration. Dear Sir,

I can confirm that the inventor was in the possession of the PCT-application, as well as of the draft leading to the PCT application.

The draft was discussed with him before filing in 2003, and the PCT document were given to him when he was still in Aalst in 2005.
